Inflatable camping mattress

- Super light and soft new waterproof and breathable composite fabric refined
- Optimized space design, activity space than similar products increased by 10%, the Excellent comfort, with good waterproof, breathable and dustproof off
- Double top layer design, effectively increase the ventilation area, with good heat insulation performance
- Small packaging volume, unique dustproof cover design, long-term storage of dust and water
- Easy to set up. Simple operation, unfolding can be closed in just 5 minutes

Unfolded size(mm)	2150x2150x1350(1 type)
Weight(g)	2350(1 type)
Unrolling time(min)	6
Tarpaulin material	High polymer waterproof and breathable composite

(Packing state)

Hanging bag

Rear window

Roof light pendant

Double top design

Easy to set up

Camping sleeping bag

- Super light and soft new composite fabric refined from
- Optimized bag space design, with good waterproof, breathable, heat preservation, heat insulation performance, comfortable body feeling, conducive to fast sleep
- New anti-mosquito, breathable surface net, soft and comfortable fabric

Unfolded length(mm)	2000
Weight(g)	1100
Material of surface layer	Polymer composite fabric
Filling material	Natural insulation material

New mosquito-proof mesh

Inflatable camping mattress

- Ergonomics technology, new flocking polymer composite fabric refined from
- Has good moisture, breathable, waterproof, anti-puncture, anti-mildew, high elasticity, physical comfort, durability
- Light weight, quick filling and deflating

展开尺寸(mm)	Expanding size(mm)	1950x740x100	充气压力(kpa)	Inflation pressure	≤10
气密性(24h)	Airtightness(24h)	≤10%	承重(kg)	Load-bearing capacity(kg)	100
充气时间(min)	Filling and deflating time(min)	4~5	重量(kg)	Weight(kg)	1.4

Unscrew the one-way valve ↓

Inflate by mouth first ↓

Screw on the one-way valve ↓

recharge with air cylinder to the appropriate hardness

Portable camping equipment

User-friendly design

Carry and back can be carried

Embedded strap design

Product features and scope of application

Portable camping equipment

- Type II includes 1 camping tent for two people,
- 2 camping sleeping bags,
- 2 inflatable camping mattresses (including inflatable tube),
- 1 lighting flashlight (including batteries),
- which can be used for 2 people camping in the wild.

Products according to ergonomic principles, with reference to the U.S. military equipment standards, the use of polymer composite fabric carefully

The product is designed and processed according to the ergonomic principle, with reference to the U.S. Army active duty equipment standards, using polymer composite fabric, with lightweight, waterproof, dustproof, breathable, easy to clean, durable and other excellent features, to provide Provide comfortable field camping conditions.
