

Multi Type Products

Seven-in-one multifunctional survival whistle

Material: ABS strength, fall resistance and high temperature resistance engineering material

Weight: 70g

Size: 9.7*2.8cm

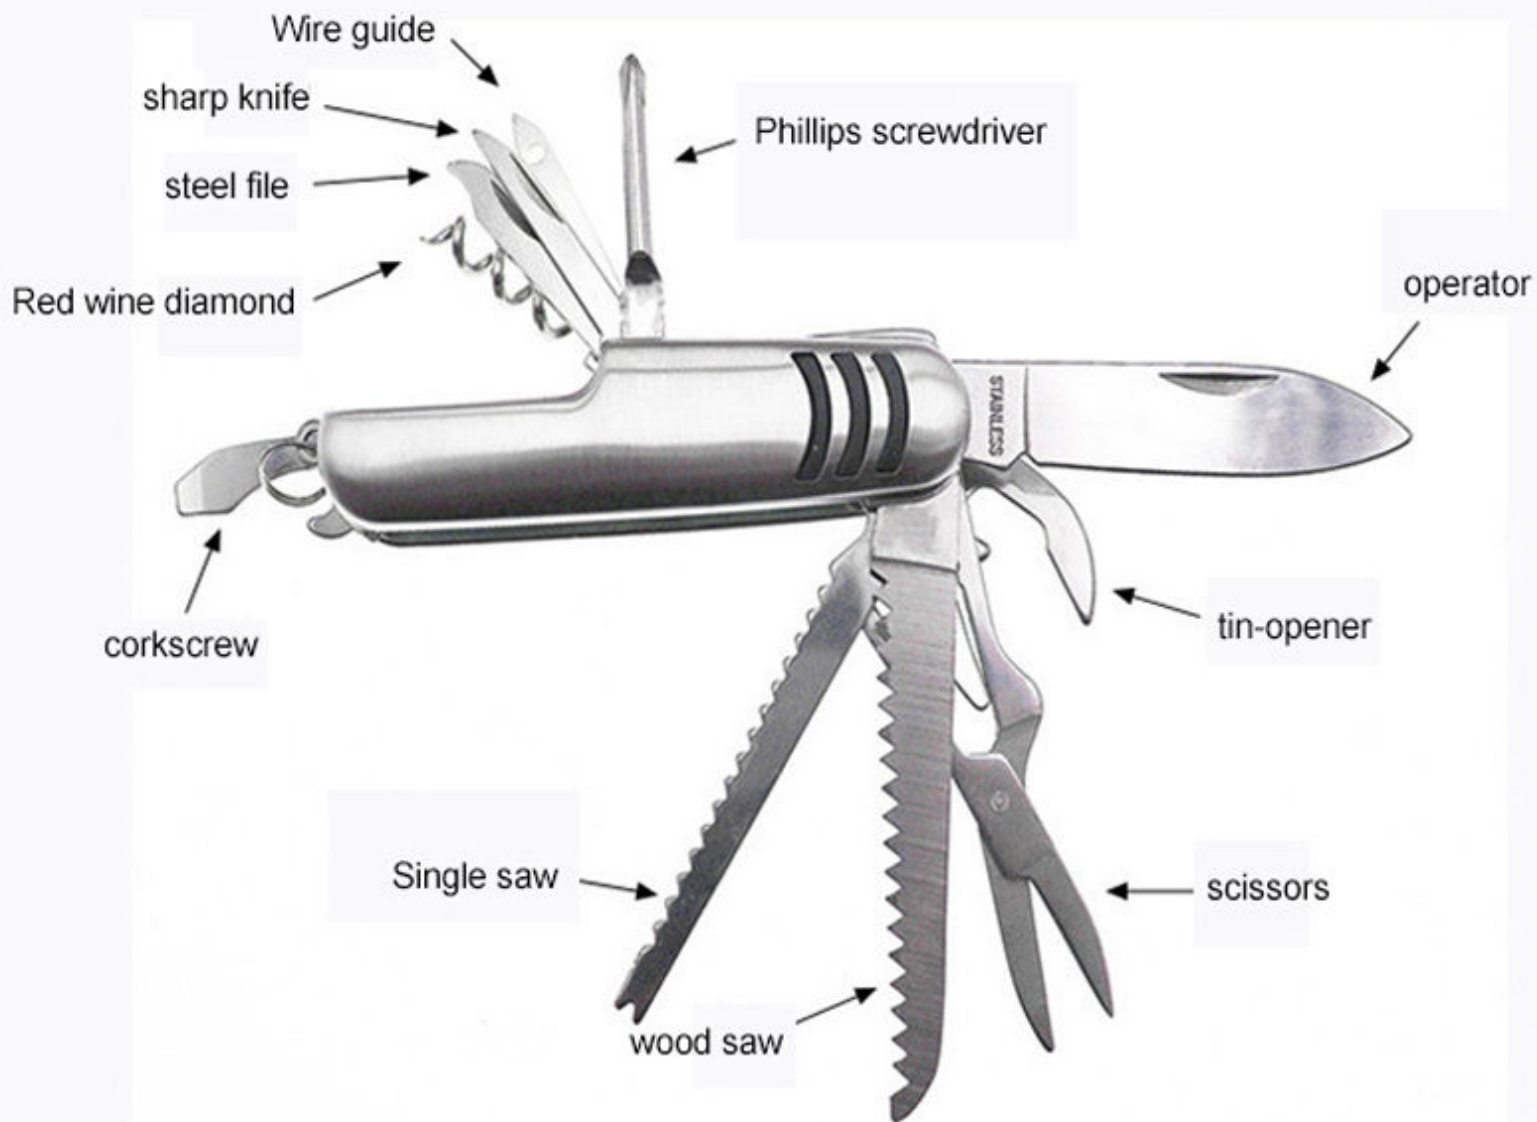

Scope of use: it can be applied to: outdoor exploration, outdoor first aid, outdoor travel, etc.

Fire retardant gloves

Scope of use: fire fighting, emergency rescue, military industry, steel refining, chemical industry, machinery manufacturing, etc.

Features: flame retardant, anti-slip, anti-wear and high temperature resistance.

Multifunctional Swiss Knife (11-piece set)

Material stainless steel

Weight: 105g

Size: 9 * 2.5 * 1.4cm.

Scope of use: it can be used in home life, outdoor adventure, outdoor first aid, outdoor travel, etc.

Hulu reflective vest

Product material: fishing net fabric

Reflective strip: lattice reflective strip

Size: average size

Scope of use: it can be used in road construction, night trips, group activities, outdoor sports, driving school safety, vehicle rescue and so on.

Three-lamp hand flashlight

Product material: electronic components

Product size: 10 * 5 * 2.5cm.

Scope of use: easy to carry, suitable for camping, traveling, cross-country, adventure and home use.

Usage: Turn on the snap switch at the back of the hand grip, and the generator handle will automatically pop up, so you can easily hold it back and forth with one hand!

Anti-skid and wear-resistant gloves

Material: nylon dipping

Size: average size

Usage: suitable for automobile maintenance, hardware processing and handling, building materials, and other fields of operation.

Product features: strong wear resistance, good anti-slip performance, oil stain prevention, anti-cutting, light and comfortable to wear, and better hand protection.

Safety warning reflective vest

Product material: all over the world

Size: average size

Scope of use: it can be used in road construction, night trips, group activities, outdoor sports, driving school safety, vehicle rescue and so on.

LED searchlight

Type: charging LED

Number of LED lights: 15

Battery life: 5 lights for 18 hours /15 lights for 8 hours.

Scope of use: suitable for home use, car survival, outdoor survival, outdoor activities, etc.

Lithium headlamp

How to wear it: wearing it.

Color: white light

Features: high brightness and long range

Scope of use: life-saving patrol, outdoor camping and cycling for survival.

Thickened life jacket

Applicable people: adults

Size: 55x40x4.5cm

Color: orange

Scope of use: suitable for outdoor, diving, surfing, fishing, rafting and boating, flood control and emergency rescue.

Dry battery shoulder lamp

Flashing, flashing, walking.

Color: red and blue

Visible distance: 200-400 meters

Scope of use: life-saving patrol, outdoor camping and cycling for survival.

Thickened life jacket

Applicable people: adults

Size: 55x40x4.5cm

Color: orange

Scope of use: suitable for outdoor, diving, surfing, fishing, rafting and boating, flood control and emergency rescue.

Protective emergency cap

Function: protect the head in disasters such as earthquake and fire.

Features: waterproof, moisture-proof, wear-resistant and durable, high-density flame retardant.

Thicken and
increase the
amount

Enlarge folding sappers shovel

Product material: 45# carbon steel

Full length of expansion: 58cm

Weight: 1010g

Scope of use: multi-purpose, very suitable for camping, camping, mountaineering, exploration, tourism, home garden and so on.

Double hook escape rope

Product material: high-strength polyester yarn, steel wire

Specification: 8mm20m

Scope of use: aerial work, preemptive rescue, electric traction, outdoor training, etc.

Function: Rock climbing, ice climbing, cave exploration, stream descending, rescue, engineering protection and other sports. When a disaster occurs, one end of the life-saving rope is fixed with a life-saving hook, and the other end is tied to the waist of the user. Hold the rope with both hands and slow down along the wall. Slowly descend until the ground.

Quenching heat treatment, high brightness
chromium plating and rust prevention of
sharp hammer head

Small pressure hammer

Material plastic+carbon steel

Color: red and black

Weight: 190g

Scope of use: suitable for emergency escape, broken window secant, earthquake fire escape, etc.

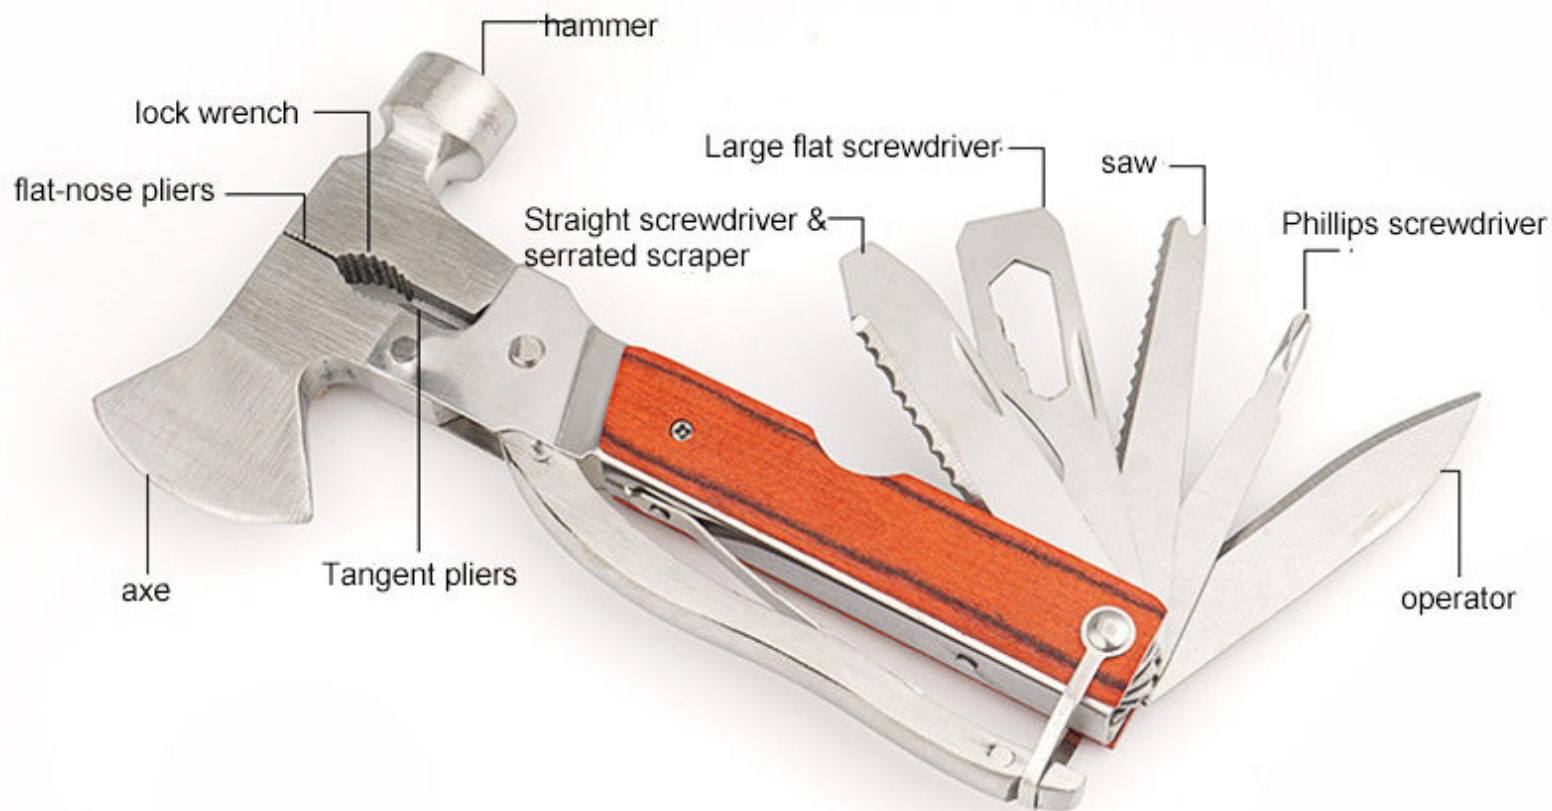

Folding sapper shovel

Product material: 45# carbon steel

Full length of expansion: 40cm

Weight: 345g

Scope of use: multi-purpose, very suitable for camping, camping, mountaineering, exploration, tourism, home garden and so on.

Multifunctional axe

Product material stainless steel

Size: 17.2x8.7x31cm

Weight: 380g

Scope of use: suitable for home use, car survival, outdoor survival, outdoor activities, etc.

Hand flashlight

Lights: 3LED lights

Size: 10X5.2x2.9cm

Weight: 127g

Scope of use: suitable for vehicles, travel, camping, mining, disaster relief and other occasions without power supply.

Outdoor multifunctional lighter stick

Material iron scraper & solid magnesium bar

Weight: 42g

Scope of use: waterproof, high temperature resistant, suitable for any altitude, necessary for outdoor camping fire.

Floating rescue rope

Product material: high-strength polypropylene filament.

Size: 8mmx20m

Scope of use: it is suitable for matching lifebuoys, and is used to throw lifebuoys to drowning people.

Features: high strength, small elongation, good resistance, floating on water, floating on water.

Oxford long raincoat

Material: Oxford cloth

Style: conjoined

Scope of use: suitable for rainy weather, blizzard, outdoor adventure, cycling, etc.

thermal insulation bottle

Inner container: 316 stainless steel

Capacity: 600ml

Thermal insulation performance: 6-12 hours

Scope of use: suitable for home, outdoor, easy to carry with a rope.

Multifunctional whistle

Function: (including compass/thermometer/hygrometer/magnifying glass)

Scope of use: suitable for home, outdoor, outdoor survival, rescue and so on.

One box and one yard fire protection certification

Filter type fire-fighting self-rescue respirator (gas mask)

Protection objects: carbon monoxide, hydrogen cyanide, poisonous smoke and poisons.

Oil mist transmission coefficient: < 5%

Protection time: 30 minutes

Protection time: 30 minutes

Inhalation resistance: < 800Pa

Validity: 3 years

Expiratory resistance: < 300Pa

Product size: height 21cm, width 13cm and thickness 11cm.

Main functions: protect human respiratory organs, eyes and skin of head and face from harmful gases such as carbon monoxide, ammonia cyanide and acrolein, smoke, hot air, thermal radiation and flame moxibustion, and provide people with escape opportunities.

Quality is guaranteed through national fire testing certification

Glass fiber fire blanket

Specification: 1m*1m

Material: fire-resistant fiberglass

Performance: insulation, heat insulation, flame retardant

Function: Extinguish the initial home fire, cover the body in the fire to escape effectively

Scope of use: used for families, oil companies, gas stations, oil depots, tankers, etc.

Glass fiber fire blanket

Water-based fire extinguishers are healthy and non-toxic can be sprayed directly body, no harm to the human body; fire fierce no

It is recommended to spray on yourself and your family when you can't control Escape from the fire.

Fire certification Quality assurance

Scan the fire protection QR code on the outer box or bottle Check the logo code displayed on your phone 2H0THAA1374A Whether it is the same as the code on the label

Car-based household water-based fire extinguisher

Extinguishing agent:S-3-AB

Reloading capacity:530-550ml

Driving gas: Nitrogen

How to use: find the safety catch, pull out the safety catch, press the pressure handle to the fire source spray
